Read the Course Info Sheet

Sign up on Piazza (discussion board)

# Announcements (cont'd)

First lab is on Wednesday!

Will be about setting up R and RStudio on your computer (if you haven't done so yet or need some help), and starting to use R

Room assignments will be posted here:

<http://www.teach.cs.toronto.edu/~csc121h/winter/labs.shtml>

# This Week's Plan

Talk about:

- Introduction to R, what is programming
- R as a calculator
- Operators
- Expressions
- Variables
- Statements
- Using Functions
